

RECAPPING 2026 ENVIRO LEGAL CHANGES SERIES:

PART 1 – JULY / AUGUST 2026

The first half of 2026 has once again seen a substantial number of important new and proposed environmental legal developments. Following overwhelmingly positive feedback after the January 2025 and January 2026 *Environmental Legal Update* webinars, the annual event has now been restructured into a **twice-yearly** Environmental Legal Update Series, allowing considerably more time for practical discussion, real-life examples and delegate interaction.

Recapping 2026 Enviro Legal Changes Series

	Part 1: Mid-Year Update	Part 2: Year-End Update
Presented	July & August 2026	January 2027
Legislation Covered	January – June 2026	July – December 2026
EAPASA Points	Attendance of both training days earns 0.5 EAPASA Category 1 CPD Point. Delegates attending one training day only will earn 0.25 EAPASA Category 1 CPD Point.	Attendance of both training days earns 0.5 EAPASA Category 1 CPD Point. Delegates attending one training day only will earn 0.25 EAPASA Category 1 CPD Point.
	Attend the Mid-Year & Year-End webinars to receive a comprehensive practical update on the environmental legislative developments published during the 2026 calendar year and earn a total of 1.0 EAPASA Category 1 CPD Point	

The attached programme sets out the topics to be covered during the Mid-Year Environmental Legal Update, which will be presented on:

- 30 & 31 July 2026, and
- 13 & 14 August 2026

Delegates may register for Day 1 only, Day 2 only, or both days.

Please note: The July and August presentations contain identical content and are offered purely as alternative presentation dates. Delegates are therefore welcome to combine attendance across both presentations to suit their schedules. For example, you may attend **Day 1 on 30 July** and **Day 2 on 14 August**, or any other combination of the four available dates.

Special Features

Interactive DFFE Discussion

Officials from the Department of Forestry, Fisheries and the Environment (DFFE) confirmed their attendance on Day 1 to respond to delegates' questions regarding the practical implementation of the new National Dust Control Regulations.

Environmental Legal Clinic

A new optional afternoon discussion session where delegates are encouraged to raise practical compliance questions, discuss real-life scenarios and explore the practical application of new legislation in an informal, interactive environment.

I sincerely hope you will be able to join me for the inaugural Mid-Year Environmental Legal Update. My objective remains the same as it has always been—not merely to explain what has changed in environmental legislation, but to help delegates understand what those changes mean in practice and how they can be implemented effectively within their own organisations.

I look forward to welcoming you.

Kind regards,

Lizette van der Walt
